## Whiteboard Mode:

 Switch to whiteboard mode

 Select a background pattern or image

 Save current screen

## Interactive Whiteboard:

The projector came with a blue and an orange pen. Either pen can be used or both pens can be used at the same time with Easy Interactive Tools within Whiteboard Mode.

## Using the Pens:

- Batteries are installed; re-chargeable
- Turn Pen on and green light will display briefly
- Pens turn off automatically after 20 minutes of inactivity- slide switch to turn Pen back on.
- Pens are kept in case on whiteboard
- Rechargeable batteries are in charger on ITEC station
- To turn off, slide power switch

## Use Pen as a mouse:

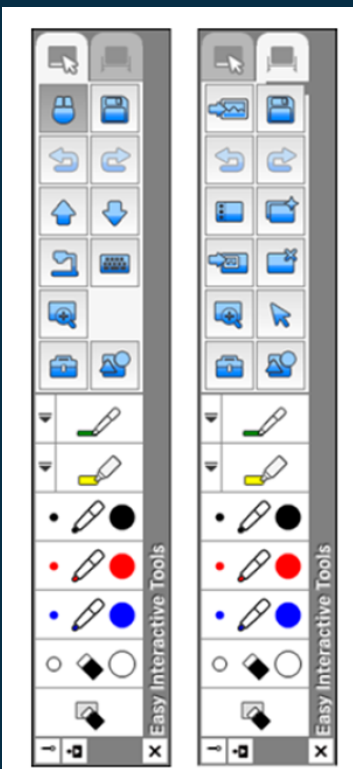

- To left-click, tap board
- To double-click, tap board twice
- To right-click, press the board w/pen for 3 seconds

## Easy Interactive Tools:

- From the Desktop, click on the **Easy Interactive Tools icon** or
- From **Start** menu, **All Programs**, **Epson Project 2.12 folder**, and select **Easy Interactive Tools**.
- The illustration shows the **interactive mode** toolbar on the left and **whiteboard mode** toolbar on the right.
- The arrow  to display the toolbar appears on both sides of the whiteboard.
- To **exit** Easy Interactive Tools, tap the **X** with a pen or mouse.
- Switch between modes

	Switch to interactive mode
	Switch to whiteboard mode
